Soil Samples Briefing at Midway Village

SACRAMENTO--- The California Environmental Protection Agency's Department of Toxic Substances Control (DTSC) will host a briefing on the upcoming sampling at Midway Village in South San Francisco on Monday, June 26 at 10:30. The briefing is to provide media with information regarding soil sampling techniques, as well as an opportunity to observe the DTSC's contractor collect samples.

DATE: Monday, June 26, 2000
LOCATION: Midway Village, South San Francisco
TIME: 10:30 a.m.

Over the next two weeks, the DTSC will collect over 150 soil samples at the Midway Village housing complex. The samples will be analyzed and the data will be released in a report scheduled for September of 2000.

Photographers should bring telephoto lenses. No electrical support will be provided. Please RSVP to (916) 322-0476.

#

DTSC is one of the six boards and departments within the California Environmental Protection Agency. DTSC's mission is to protect and enhance public health and the environment by regulating the management of hazardous waste and promoting reduction.
